Most of the bred females will carry the service of Imp. Elmley Gold Patrol. His calves are arriving now and when you have an opportunity to see them, you will be impressed with their dark colors, deep, thick bodies, short legs and good heads. All of the bulls are dark reds and all were sired by Imp. Aldsworth Bishop, our chief herd bull that is also the sire of many of the females included in the offering. It will indeed be a great pleasure to have you and your friends with us on sale day. We know that buyers will have an opportunity to buy the blood of the real improving kind.

STANDARD GUARANTEE OF AMERICAN SHORTHORN BREEDERS' ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders provided they are not allowed to serve when under 14 months of age or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase or by the time the bull is twenty months of age if purchased under fourteen months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee, the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bangs' Disease of the state or country into which they may be shipped.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves will be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipments will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.

IMP. ALDSWORTH BISHOP

By Aldsworth Policy and out of a dam by Scotston Firebrand. This outstanding bull has been used with great success in the Indian Valley herd. His calves have been right at the top of shows and sales throughout Indiana and they always have done well for those who have bought them. They display the deep body and thick high fleshing quality that is so desired in today's Shorthorn cattle. All the herd bull prospects in this sale were sired by this great breeding bull and all are dark reds. They display the same ruggedness and blockiness that is so characteristic of their sire. Many of the females were sired by him and a few carry his service.

BUY THE KIND THAT HAVE A BRIGHT FUTURE - -

Shorthorns, for many years, have proved to be the most practical and most profitable cattle for Corn Belt farmers. The extra weight for age that is obtained in Shorthorns means extra money for the producer and, as a result, the Shorthorn has been able to surpass all other breeds of livestock. There is no doubt that modern type Shorthorns are in great demand and will continue to be because of their many superior characteristics. The future is bright. Present prices are moderate. Why not buy now? This sale provides a good source of supply from the standpoint of both individuality and rich ancestry.

INDIAN VALLEY SHORTHORN SALE, SEPTEMBER 19, 1947

MEMORANDUM

Lot No.

Name

Price

SHORTHORN STEERS made a clean sweep of the *GRAND AND RESERVE GRAND CHAMPIONSHIPS* over 1,425 head of all breeds at the 1946 Chicago International Livestock Show. They went on to win the champion three-steer and get-of-sire groups over all breeds for the first time in the 47-year history of the International, when one breed monopolized single and group championships. The Grand Champion later sold at a new all-time record for the Chicago International of \$10.50 a lb. to total \$14,490 to the Firestone Tire and Rubber Co., Akron, Ohio. He immediately began a 22,000 mile educational tour of the country in a \$12,000 specially constructed trailer. Watch for notice of these exhibitions in your territory. (The Shorthorn steer,

Tomahawk, was Grand Champion of the 1945 Chicago Fat Stock Show and set the then International record of \$10 a lb.)

Shown above (left) is the Grand Champion, ROYAL JUPITER; (right) the Reserve Grand Champion, WYOMING CHALLENGER STANDARD; and (below), the winning three-steer group including the reserve grand champion.

These steers demonstrate the well-established Shorthorn profit characteristics combining greater weight with modern type and choice quality conformation. The Grand Champion steer weighed 1,380 lbs. at 22 months of age. *Extra pounds produce extra profits. REMEMBER—Shorthorns, Best in Every WEIGH!*
